When Sugar Was Invented

The Household gives the following

ittle history of sugar: The exact date of the invention of sugar is lost in the mist of fable. However, sugar is said to have been that the manufacture of the article was carried on under the Tsin dystrong claim for priority has been made for India. Probably the Hindoos learned the art from the Chinese, and from India the knowledge JOS. L. B. ALEXANDER. Prop. vas carried further west.

Three hundred and twenty-five years before Christ, Alexander sent Nearchus with a large fleet down the Indus to explore the adjacent First-Class Teams and Rigs of countries. When that officer returned from his expedition, he brought cane, without any assistance from tees. This was the earliest idea the western nations had of sugar, the he atterding physicians, they were the hunter will need the fresh horse. Jews, Egyptians, Babylonians and Greeks knowing nothing of its use. As late as A. D 150 sugar was precribed by Galen, the famous phy- MRs. N. J. Cuarts. Mas. C. P. Form sician, as a medicine.
